# WHAT IS WIE?

IEEE Women in Engineering (WIE) is a global network of IEEE members and volunteers dedicated to promoting female engineers and scientists and inspiring girls worldwide to pursue academic interests in engineering and scientific careers. IEEE is the world's largest technical professional association dedicated to advancing technology for the greater good. WIE Student Branch Affinity Group of Sabaragamuwa University of Sri Lanka was honored to be the 5th IEEE Women in Engineering chapter in Sri Lanka.

Our mission is to make it easier for women to get into and stay in technological fields around the world. We envisage a thriving community of IEEE women and men working together to create for the betterment of humanity.

# WHAT IS PEARLHACK 2.0 ?

The PearlHack 2.0 is both an idea hackathon and a design hackathon that will be conducted in parallel with ICARC 2024 open to all female undergraduates on the island. The hackathon will be happening as both a virtual event and a physical event. The uniqueness of PearlHack 2.0 is candidates have two categories to choose from according to their criteria.

The event will be held according to terms and conditions which are provided by the organizing committee with the supervision of a panel of Judges. The aim is to provide a supportive and inclusive environment for women to come together, collaborate, and innovate in the field of technology and computer science.

# BENEFITS OF PEARLHACK 2.0

PearlHack 2.0 offers female undergraduates a unique opportunity to thrive in the dynamic world of technology. Through this innovative idea and design hackathon, participants gain hands-on experience, honing their skills in technology and computer science. The event not only fosters creativity and problem-solving but also facilitates valuable networking, creating connections with peers and industry professionals.

# WHAT'S DIFFERENT IN PEARLHACK 2.0?

- PearlHack 2.0 features two distinct categories, namely Ideathon and Designathon, tailored to engage and challenge female undergraduates in innovative and creative pursuits.
- Providing participants with a unique challenge – the development of a method under a scenario provided by a leading software company. Unlike traditional hackathons, this approach ensures that participants not only showcase their technical prowess but also navigate real-world constraints and compliance standards.

# HOW TO REGISTER?

- Visit the event's website, select the competition you are participating in (Ideathon or Designathon), and navigate to the 'Register' section.
- Complete the registration form with the required information.
- Provide team details, including team name, university, and information about the team leader.
- Include contact details for both the team leader and team members.
- Submit the completed registration form.
- Keep track of important registration dates mentioned on the website.
- Registration is open from Dec 20th.
- All contestants must register as part of a team.

# RULES AND REGULATIONS

- Female undergraduates of any University or Higher Educational Institute are eligible to participate in this competition.
- By registering for this contest, you hereby agree to receive results on the competition depending on the effort.
- A team must consist of 3 members.
- Participants in a team should represent the same University or the Higher Educational Institute.
- A team can only participate for one category (Either Ideathon or Designathon).
- Judges decision will be the final decision.
